LATEST NEWS: *First National Title Insurance Company Reports 58% Increase in Revenues for 2016 Q2*

PLANO, Texas – First National Title Insurance Company (FNTI) reported revenues through June 30, 2016, of \$34.96 million, representing a year-over-year increase of over 58 percent.

“We are extremely pleased with our results for the first half of 2016, which once again exceeded our expectations. We set our goals high, but attainable, and then give our team the tools and support they need to succeed. This incredible growth rate is a result of our company-wide commitment to the independent agent network we developed over the past 4½ years. And we recognize that it is the success of the entrepreneurial independent agent that drives our growth,” stated CEO Chris Phillips.

“The independent agent market has never been more viable. While the pressures of compliance, competition, and mandated regulations have taxed the independent agents, their tenacity and willingness to compete in their respective markets is obvious. These are the agents we support and that support FNTI.”

“Our Florida expansion will add a new market and new opportunities for our company. The independent agents throughout the state are looking for the support and service we deliver. As the large underwriters continue to expand their influence into the independent agent’s market, the FNTI model becomes more and more important to the independent agent’s future,” Phillips added. FNTI’s expanded team provides the staff to answer the calls, to analyze the problems, and to educate the agents. The company motto that we “...do business with those we know, like, and trust” has never been more relevant.
